

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: George Randall
DOCKET NO.: 04-26092.001-C-1 through 04-26092.003-C-1
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are George Randall, the appellant, by attorney George J. Behrens of McCracken & McCracken, P.C., Chicago; and the Cook County Board of Review.

The subject property is improved with a three-story, apartment building containing 34,539 square feet of building area. The building is approximately 55 years old and is located on a 25,600 square foot site in Wilmette, New Trier Township, Cook County.

The appellant contends unequal treatment in the assessment process as the basis of the appeal. In support of this inequity argument the appellant submitted a grid analysis with three comparable properties. The appellant submitted the final decision issued by the Cook County Board of Review establishing a total assessment for the subject of \$513,545. The appellant depicts the subject's improvement assessment of \$410,377 or \$11.88 per square feet of building area. Based on this evidence the appellant requested the subject's improvement assessment be reduced to \$323,630 or \$9.37 per square feet of building area.

The board of review did not submit its "Board of Review Notes on Appeal" or any evidence in support of its assessed valuation of the subject property.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

Docket No.	Parcel No.	Land	Improv.	Total
04-26092.001-C-1	05-35-114-001-0000	38,688	103,150	\$141,838
04-26092.002-C-1	05-35-114-002-0000	32,240	110,240	\$142,480
04-26092.003-C-1	05-35-114-003-0000	32,240	110,240	\$142,480

Subject only to the State multiplier as applicable.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds the evidence in the record supports a reduction in the subject's assessment.

The appellant's argument was unequal treatment in the assessment process. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the Board finds the appellant has overcome this burden.

The appellant presented assessment data on three equity comparables that were similar to the subject in design, exterior construction and age. They had improvement assessments ranging from \$161,422 to \$500,384 or \$8.45 to \$9.37 per square foot of building area. The subject's improvement assessment of \$11.88 per square foot is above the range established by the comparables contained in this record.

The board of review did not submit any evidence in support of its assessment of the subject property or to refute the appellant's argument as required by Section 1910.40(a) of the rules of the Property Tax Appeal Board and is found to be in default pursuant to section 1910.69(a) of the rules of the Property Tax Appeal Board. After considering adjustments and the differences in the suggested comparables when compared to the subject property, the Board finds the subject's per square foot improvement assessment is not supported by the most comparable properties contained in the record and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
